

IRGS Membership Meeting

Tuesday, December 11, 2007

Featuring: Peter Bradish, who will present:

Abstract:

Maps and Gazetteers:

As we learn more about researching genealogy, we value the tidbits and little treasures found in maps and gazetteers. What we don't always know is where to find the ones to help us for the area we are studying. Join us for an informative and entertaining hour with Peter Bradish, Past President of Brevard Genealogical Society. You will learn what's available, including online resources and how to find them. 'You might get some surprises,' says Peter.

Peter Bradish - BSEE from MIT. Peter worked 28 1/2 years for IBM doing mainframe, midrange and desktop technical and educational support. He started genealogy research 11 years ago when he retired. Pete and his wife, Connie, have co-authored over 3 dozen articles for Everton's Genealogical Helper magazine. Peter and Connie travel 8 months of the year in a coach doing genealogy, golf, RV rallies, visiting old friends and relatives, and seeing North America.

Business meeting begins at 9:30 AM,

Socializing and refreshments follow, then the featured presentation at 11:00AM

All Guests are Welcomed!

Visit our website at <http://www.irgs.org/>

The Program Committee has instituted Marg Putzke's idea of themes for each general meeting. Members are asked to bring something from their family history or their own research to show - not necessarily to talk about, just to display on a table. A different theme is set for each month.

This Month's Theme: "The Old Family Clock"

There are three items most often passed down through generations of families. They are firearms, jewelry and clocks. This month we celebrate the families' treasured clock. Bring the clock, or the story or the photograph and share the memories.

All general meetings are held in the first floor large meeting room at the [Indian River County Main Library](#), 1600 21st St., Vero Beach, FL 32960.

Brought to you by the Program Committee of the IRGS, www.irgs.org
